

To My Dearest Patients,

With a heavy heart I am announcing my departure from Smile Beautiful Dentistry.

I am pleased to announce that we successfully partnered with excellent dentists to continue your dental care: Dr. Larry Suher, Dr. Jessica Du and Dr. Lauren Sterner. Dr. Suher and Dr. Du have been practicing in Monroeville for many years. Dr. Sterner was one of my Star students a few years ago at the University of Pittsburgh School of Dental Medicine. Dawn, Billie Jean and Mika, will remain your dental team. I will discuss ongoing treatments with the doctors. The office will be moving, the new location is:

**4328 Old William Penn Highway**

**Monroeville, PA 15146**

**(412) 373-7777**

My family is moving to the Boston area. It has been a great pleasure serving you. Following much consideration, we are doing what we hope and believe is best for the four of us. We remain enamored by the Steel City and its wonderful people, parks, museums and neighborhood treasures.

I want to thank so many of you for sharing more than just your smiles; you have been the highlight of my career. Although I was here to tend to your oral care, the relationships formed, made our dental accomplishments all the more meaningful.

I am guessing most of you will be shocked by this letter, as I am still. I am fortunate that I was part of this wonderful community. I am leave you in good hands with Dr. Suher and his associates.

Keep brushing, flossing, and smiling!  
Always your dental health cheerleader,

Dr. Karessa A. Kuntz
